Forwards a statement furnishing the information.

From the information furnished in the statement, it is seen that the distance from the Church (Pentecostal) recently constructed by Rev T S Pushpanathan & the one now proposed to be constructed is about half a furlong.

It is worth for orders whether the construction of another church in the vicinity is necessary, in view of the fact that a church already exists in that locality. It is also stated that as the land proposed to be granted was not property, it was not sent thro the Divisional Commr.

The file may perhaps be referred officially to the Divisional Commr for an expression of opinion in the matter as it is not clear from the Municipal Commissioner's letter that the present church is not a position to cater to the spiritual needs of the Xian population in Balaramapuram & the one proposed to be built is of a different denomination whether it may be allowed to be built so near to the existing one has perhaps to be considered, to

Probably may belong to different denominations among the Protestant Community

10) The Deputy Commissioner, Bangalore District, who was consulted in the matter, has reported in his letter No. C3-P.R.492/38-39 dated 11th May 39 (copy enclosed together with a copy of its enclosure), that he inspected the spot and found that the site selected by Rev. Newham is just in front of the existing Church, recently constructed by Rev. W. S. Pushpanadan, who objects to the construction of a Church of other denomination, in such close proximity to the one already existing and that he is of opinion that the construction of a new Church may also lead to unhealthy rivalry between them in course of time.

11) I am not, however, impressed with the reasons of Rev. Pushpanadan in objecting to the construction of the Church, and I do not agree with the Deputy Commissioner.

Reasons why another Church is not necessary in the same locality.

1. There are just a handful of Wesleyans living in this locality. All the other Christians belong to the S.I.U.C. of the American Mission; and are members of my Church.

2. There are more members of the Wesleyan Church in Poor House Block which is a mile or so from my Church. So a Church in that locality may be necessary.

3. The Christian families in the whole of Basavangudi area are only about 20 in number, and there are 2 Churches ministering to their spiritual needs--the Christ Church and the Shaffer Memorial Church.

4. Another Church belonging to a different Mission in close proximity will lead to unhealthy rivalry.

5. People against whom disciplinary action is taken may fly to the other Church for protection and raise a storm which may cause trouble to the two Church Authorities

6. Both the Churches are Protestants and it is not healthy to bring them together in such a small area as this.

Letter No.C3-P.R.492/38-39 dated 11th May 39 from the Deputy Commissioner, Bangalore District, to the Muzrai Commissioner in Mysore.

Subject:- Re. the construction of a Church at the junction of Pattalamma Street and East Road, Basavangudi, Bangalore City.

With reference to your D.O. letter No.C.998/38-39 dated 17th March 1939 requesting me to furnish my views, after inspecting the spot, whether there is any necessity for the construction of a new Church in the vicinity of the one already existing, I have the honor to state that I inspected the spot and found that the site selected by Rev. Newham is just in front of the existing church recently constructed by Rev. S. S. Pushpanadhan. Rev. Pushanadhan has taken objection to the construction of a church of other denomination in such close proximity to the one already existing there, and has filed a memo of objections to the grant of permission now sought for. The objections raised seem to be reasonable and I am of opinion that the construction of a new church, may also lead to unhealthy rivalry between them in course of time.

The site plan prepared by the local Revenue Inspector and the memo of objections filed by Rev. Pushpanadhan are enclosed herewith for kind perusal.
